## THE FOUR WAY TEST

- (1) Is it the **TRUTH**?
- (2) Is it **FAIR** to all concerned?
- (3) Will it build **GOOD WILL & BETTER FRIENDSHIPS**?
- (4) Will it be **BENEFICIAL** to all concerned?

**Refer a Colleague to Rotary**

Do you know a friend, family member, or colleague from your business or profession in another locality who has all the qualities of a good Rotarian? Rotarians are adults of good character and good business or professional reputation, who hold or have held family-type activities for all the families of employees of Callaway Mills. It had every sport available to kids, both boys and girls and a paid on-site coach for coach each sport. The "Y" was a great asset to the community.

Hugh attended Callaway Elementary School for the first and second grades and Manchester City Schools for the third through eighth grades. He graduated from Manchester High School in 1958. Hugh attended Brigham Young University during 1958-59 and later went to Valdosta State College. After running out of money and the opportunity to earn money because he had a 7-A draft classification, Hugh joined the Marine Corps, reporting to Parris Island on February 28, 1962. After training and a tour on Olinawa with MAG 16, he was transferred to DaNang, Vietnam, with Operation Shufly in January 1963.

Sent back to the United States on emergency leave in April 1963, Hugh was transferred to the supply base in Albany, Georgia, and finished his tour on December 13, 1966. Upon reporting in to the base at Albany Hugh was tagged with the nickname "Stoney" by a civilian to whom he was being introduced. The nickname still sticks today. Hugh then began work with the Retail Credit Company in Albany and was transferred to Macon and then the Millledgeville office. Hugh moved to Millledgeville in March 1967 and was hired at Southern Discount Company by W.C. McFarlane, and then transferred to Thomson, Georgia. He married Emise McDade in April 1968. In 1972 he joined the manufactured housing business with a stint in Swainsboro, and then he returned to Millledgeville in the convenience store business and the retail business. Hugh opened Ranch Park Homes in October 1983 and has operated that business since then. He is active in the Church of Jesus Christ of Latter Day Saints, having served in many capacities in the church, including the office of Bishop of the local congregation. Hugh and his wife have one son, Joey, who lives with his wife Tammy in Millledgeville.

Of the things we think, say or do:  
• Is it the Truth?  
• Is it fair to all Concerned?  
• Will it build good will and better Friendships?  
• Will it be beneficial to all Concerned?

**MEMBER PROFILE**

Hugh E. "Stoney" Burke was born in Manchester, Georgia, at Perkins Street, on October 30, 1940. Two notable events occurred that day. The roof on the house caught fire, and Manchester had its earliest snowfall in history happened. Hugh says he has never been able to determine if the snow put the fire out, but his family was able to live in the house. He and his family moved to 7 Spring Street in 1943, next to the Callaway Community Center - the hub of activity for the "mill village". The "Y", as everyone called it, provided good family-type activities for all the families of employees of Callaway Mills. It had every sport available to kids, both boys and girls and a paid on-site coach for coach each sport. The "Y" was a great asset to the community.

Hugh attended Callaway Elementary School for the first and second grades and Manchester City Schools for the third through eighth grades. He graduated from Manchester High School in 1958. Hugh was a member of the Millledgeville Jaycees at the time the development of the Industrial Park began. Millledgeville is a great place to live and has the best of all worlds to offer, and the best weather in north of the gnat line has definite advantages."

**Definition of Rotary**

Rotary is an organization of business and professional leaders united worldwide, who provide humanitarian service, encourage high ethical standards in all vocations, and help build goodwill and peace in the world.

There are approximately 1.2 million Rotarians, members of 31,936 Rotary clubs in 166 countries. Rotary is not a political organization, but all Rotarians are vitally concerned with everything pertaining to good citizenship and the election of good men and women to public office.

Rotary is not a charitable organization, yet its activities exemplify the charity and the sacrifices that one should expect from people who believe that they have a responsibility to help others.

Rotary is not a religious organization, but it is built on those eternal principles that have served as the moral compass for people throughout the ages.

**Object of Rotary**

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise through the development of international understanding, goodwill, and peace.

The mission of Rotary International is to support its member clubs in fulfilling the Object of Rotary by:  
• Fostering unity among member clubs;  
• Strengthening and expanding Rotary around the world;  
• Communicating worldwide the work of Rotary; and  
• Providing a system of international administration.

**January is Rotary Awareness Month**

During Rotary Awareness Month in January, help expand awareness of Rotary's global humanitarian efforts. As members of the world's first service club organization, Rotarians have much to be proud of as they put Service Above Self while advancing world understanding, goodwill, and peace through the improvement of health, the support of education, and the alleviation of poverty."

**Canadian Rotaractors award-winning project aiding Nicaraguans**

Communities in San Juan del Sur, Nicaragua, are witnessing significant improvements to sanitation and school conditions, thanks to Project Nicaragua, a technological initiative launched in 2004 by the Rotaract Club of University of Calgary, Canada.

Nicaragua, one of the poorest countries in the Western Hemisphere, lacks the resources to remedy serious health and sanitation issues. This has caused disease and starvation in many communities. Frustrated by what she saw during a volunteer mission, Rotaractor Lyndsey Rosevear returned home to Calgary and encouraged her club to take action.

Sponsored by the Rotary Club of Calgary, Rosevear and fellow Rotaractors organized Project Nicaragua, a multifaceted initiative focused on improving the quality of life in underdeveloped communities through sustainable technology and resources.

"We are addressing Nicaraguans' basic human needs and basic human rights through technology, information, and ambition," says Rosevear, a student at the University of Calgary. She and other club members have visited Nicaragua several times to assist with the project, which is carried out in two phases in each community. The first phase is aimed at improving sanitation and educational conditions. Traditional open-fire stoves are replaced
