## JUNE 3 PROGRAM

Ed Grisamore, writer and columnist for The Macon Telegraph, visited our club last week and told some of the stories he has discovered over the years. He expressed how most of his stories would not have been told without his unyielding curiosity to always explore a lead further. He told the club how "blessed he is to be a writer."

### C.A.R.T. UPDATE

*Below is a letter from Coins for Alzheimer's Research Trust (C.A.R.T.) Treasurer Roger Ackerman.*

The CART Board of Directors have announced the winners of the CART grants for 2010. Dr. Paul Murphy of the Sanders-Brown Center on Aging at the University of Kentucky received our top grant. This is the first time ever that the same research center has received the top grant, back to back. In 2009, Dr. Harry LeVine of Kentucky received the top grant. Their research is totally unconnected. (Apparently they do something else at UK other than playing basketball!)

Dr. Luigi Pugliesi of the University of Wisconsin-Madison, a top medical research center, won the second grant and a special grant was made to Dr. Kurt Brunden of the University of Penn School of Medicine.

All three scientists addressed the CART Board at their annual meeting in Columbia on May 5.

CART has now made 14 grants totaling in excess of \$3,000,000.

Our Board made a decision last spring that we needed a part-time executive director. After considering 16 outstanding applicants, PDG Bill Shillito of Hickory, N.C., was selected. Bill is doing a fine job as he initially tries to "shore up our base" and then hopefully we will be getting Rotarians in other states such as Florida and Virginia supporting CART. Those of you who have worked in developing a grass roots project understand how difficult this is. In Rotary, it is especially challenging as every year we change District officers and club presidents, so maintaining continuity is a problem. Bill, by the way, is paid from our interest income, so we are able to comply with all by-laws that require that 100% of all contributions go to AD research.

We have been checking on the progress of our past grantees and can report positive developments in their research. We are told by our scientists friends that there are approximately 146 drugs in the "pipeline." If only three percent of these prove effective, we could have the prevention/cure for AD for which all have great hopes.

We have been so fortunate to be guided in our decisions by world renowned Alzheimer's scientists. These are the most dedicated individuals I have ever had the privilege of meeting.

Thanks again for all your support and encouragement. Best regards.

### Top 15 things Rotarians should know about global grants for vocational training

Did you know that the new global grants offered under the Future Vision Plan can support vocational training teams? Here are some key concepts about how vocational training activities can work under The Rotary Foundation's new grant model, which will be tested by 100 pilot districts beginning 1 July 2010. The plan will roll out for all districts in 2013. These ideas can get your club and district started as you develop vocational training opportunities.

1. Both clubs and districts can develop and apply for global grants to fund vocational training under the Future Vision Plan.

2. Clubs and districts are free to develop as many global grants for vocational training as they wish in a

Rotary year. Consider the number of trainings appropriate for your area.

3. Communities can provide inspiration. Clubs and districts are encouraged to pinpoint their community's needs and strengths within an identified area of focus when developing vocational trainings with other clubs or districts.

4. Teams may either receive or provide training. Capacity building is key.

5. Either a single team or multiple teams may travel on a global grant. You determine the number of teams needed for each grant.

6. Each team may center training on a different area of focus, if more than one vocational training team is traveling on a grant.

7. A minimum of one

## FUTURE VISION PLAN

A ROTARY FOUNDATION GRANT MODEL

Rotarian team leader and three non-Rotarian participants are required per team. There is no maximum team size. Develop your team according to the goals of your grant.

8. There are no age restrictions for participants. Instead, selection is based on expertise within the identified area of focus.

9. All participants on a single team must have careers linked to the goals of the grant, but they are not required to have the same professions.

10. Vocational training is an opportunity for Rotarian service. Rotarians may participate on vocational training teams that are providing training, if they have the needed skills.

11. Trainings may be developed for any time frame, depending on the

scope of the training project.

12. Trainings may take place in a variety of settings, including universities, medical institutions, schools, companies, and community centers. Determine which setting is most appropriate for your training.

13. Teams may be hosted in a variety of places, such as Rotarians' homes, university dormitories, and hotels. Determine what kind of hosting is most appropriate for your team.

14. Costs are flexible. There is no set, catalog cost associated with vocational trainings. Global grants must meet the \$30,000 minimum for total project cost, but this includes the expenses for the vocational training team as well as any other grant

activities, such as humanitarian projects, scholarships, or additional teams.

15. A Rotary Foundation District Grant can be used to support a vocational training team that's more like a traditional Group Study Exchange. The vocational training exchange can be with any district (pilot or nonpilot) and teams are not required to train within one of the areas of focus.

## DEFINITION OF ROTARY

Rotary is an organization of business and professional leaders united worldwide, who provide humanitarian service, encourage high ethical standards in all vocations, and help build goodwill and peace in the world. There are approximately 1.2 million Rotarians, members of 31,936 Rotary clubs in 166 countries. Rotary is not a political organization, but all Rotarians are vitally concerned with everything pertaining to good citizenship and the election of good men and women to public office.

Rotary is not a charitable organization, yet its activities exemplify the charity and the sacrifices that one should expect from people who believe that they have a responsibility to help others. Rotary is not a religious organization, but it is built on those eternal principles that have served as the moral compass for people throughout the ages.

## OBJECT OF ROTARY

The object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise through the development of acquaintance as the opportunity for service, the promotion of high ethical standards in business and professions, through service in one's personal, business, and community life, and the advancement of international understanding, goodwill, and peace.

## ROTARY INTERNATIONAL MISSION STATEMENT

The mission of Rotary International is to support its member clubs in fulfilling the Object of Rotary by:

- Fostering unity among member clubs;
- Strengthening and expanding Rotary around the world;
- Communicating worldwide the work of Rotary; and
- Providing a system of international administration.

## ONGOING MAKE-UP OPPORTUNITIES

- (1) Sponsoring a new member. (2) Volunteering at a local school.
- (3) Visiting another Rotary Club. (4) Earn one make-up per quarter by visiting the e-club at [www.rotaryclubone.org](http://www.rotaryclubone.org) and taking the "test." Print the receipt and give it to Club Secretary Halsey Leavitt. (5) Attend a Rotary Board meeting. (6) Attend monthly breakfast meeting.
